**Item 3:** **Consideration and vote on a design review for a welding classroom addition at the Fort Scott Community College located at 501 S Hospital Drive. Triangle Builders LLC applicant.**

City Planner, Randi, presented that this is a request for a building addition to the south for a 32' x 45' addition for a new welding classroom for Fort Scott Community College. Applicant is requesting to use a metal panel of similar color of the exiting brick building instead of using a brick façade.

Applicant, Triangle Builders LLC, presented that they are planning to use metal siding for the building while making the foundation large enough to accommodate future masonry to match the existing building. The metal panel siding will be of earth tone color to match the existing building façade. The addition will be located at the back of the existing building and will not be visible from the street.

Commissioner Hardwick questioned the color scheme of the metal addition. Applicant replied the color scheme will be beige to match the existing color scheme.

Commissioner McLean questioned if the metal addition would be fire resistant. Applicant state that the hallway attaching the addition to the existing building will have a fire rated door as well the addition being fully sprinkled.

Commissioner Wrischnik inquired if there will be sufficient parking. Planner Randi said there is adequate parking.

There was no further discussion among Commissioners.
