Loan Policies

- Checkout limit: 5 items per month
 - You can borrow the monthly limit all at once or spread them out over the month
 - You can return titles early, but you don't get more checkouts for that month.
 - Unused checkouts do not roll over to the next month.
- Loan periods:
 - Audiobooks: 21 days
 - Music: 7 days
 - Movies: 3 days
 - TV Shows: 3 days
- When you borrow music, you get the entire album. It counts as one checkout.
- If a television program has more than one episode, you borrow each episode separately, not the entire season. Each episode counts as one checkout.
- There are no fines or fees. All titles stop working at the end of the checkout period.
